

## **Annual Garbage Disclosure**

On behalf of the citizens, the City of Elk River arranges for the collection of residential refuse and recycling. Minnesota Statutes 115A.9302 requires customers receive an annual disclosure regarding where their waste is taken for disposal. Elk River's residential waste is disposed at:

### **PRIMARY WASTE FACILITY** (approx. 100%)

**Great River Energy Elk River Resource Processing Plant**

**Elk River, MN**

**Permit # SW-305**

### **RECYCLING FACILITIES**

**Randy's Sanitation Materials Recovery Facility, St. Michael, MN**

**Allied Waste Services Minneapolis Recyclery, Minneapolis, MN**

Written disclosures must include the following statement: *"You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste system provides substantially more financial and environmental protection than depositing waste in landfills in other states. Managing your waste in Minnesota may minimize your potential liability."* For more information, contact the Minnesota Pollution Control Agency at 651-296-6300.
