Signature: _____ Date: _____

All signature lines on all pages must be signed for the application to be considered complete.

Information will be sent via email unless otherwise requested.

Application Fees

\$100 fee and \$100 escrow

Fees

The application fees pay for administrative staff time related to the assembly and distribution of the application materials, administration of internal and public meetings, publication of the public hearing notice in the Elk River *Star News*, and for postage to mail the required notices to adjacent properties. These fees do not include professional staff review time, recording fees, or additional fees that may occur.

Escrow

The escrow is used to pay consultants for review of land use cases, hours applied to an application by professional staff, as well as recording and additional fees, where required. Staff hours may include time spent on review, site visits, documentation, presentations, meetings, and all inspections. Professional staff services are billed at \$75 per hour.

If the escrow is used in its entirety, the responsible party indicated in Billing Information will be billed monthly for additional services (see Agreement to Pay Costs of Review). Remaining balances will be refunded to the party that posted the escrow.

Agreement to Pay Costs of Review

It is the policy of the City of Elk River to require the party indicated in Billing Information for land use approvals and licenses to reimburse the city for costs incurred by the city in reviewing and acting upon applications, so that these costs are not borne by the taxpayers of the city. These costs include all of the city’s out-of-pocket costs for expenses, including the city’s costs for review of the application by the city’s environmental consultant, city engineer, planning staff, city attorney, or other consultants; recording fees, and necessary publication costs excluding public hearing notices. Additionally, these costs do include actual time spent by professional staff on a particular application.

If payment is not received with the application, the city may return the application for failure to comply with the requirements for processing the application or may suspend the application review process.

The city will invoice the party indicated in Billing Information for costs incurred after the escrow is depleted, and payment will be due within thirty (30) days.

Payment for costs will be required whether the application is granted or denied and unpaid fees may be assessed to property taxes, with penalty.

The undersigned has received the above policy regarding the payment of costs of review, understands that reimbursement to the city of costs incurred in reviewing the application will be required as set forth in the policy, agrees to reimburse the city as required in the policy, and make payment when billed by the city.

Public Information

Except for personal information, all forms of correspondence to and from staff, consultants, city attorney, and public officials are considered public information.

Application Requirements

Each of following applicable requirements (unless waived by staff) shall be submitted:

- Application fee
- Full legal description** of the subject property **in an editable Word format**
- Final plat
- All submitted documents shall be:
 - One (1) hard copy of all required drawings at a scale no smaller than 1" = 50', and no larger than 24"x36"
 - Two (2) sets of hard copies of all required drawings at 11"x17"
 - Provided in a digital format (e.g. .pdf, .jpeg, .doc, .dwg) at a resolution of at least 300 dpi. *Flash drives, CDs, and email are acceptable.*
 - Folded (rolled drawings will not be accepted)
- Signed *CAD Drawing Requirements for Final Plat Mylar Submission* form
- County review letter, if adjacent to a county road
- All other information as determined by city staff

In order for an application to be considered complete, all required information must be submitted by the application deadline. In accordance with state statute §15.99, subd. 3, the city is required to notify an applicant within 15 business days if information is missing. Complete applications will be processed in accordance with MN Statutes Chapter 462.358.

I understand if all of the required/ requested information is not submitted within 15 calendar days after my application has been submitted, this application will be returned incomplete and the next application deadline will be the following month.

CAD Drawing Requirements for Final Plat Mylar Submission

Prior to the Final Plats being released for recording, an AutoCAD (.dwg) drawing of the Final Plat mylars is required that provides only the following information:

1. Right-of-way Lines
2. Lot Lines
3. Lot # Identification Text
4. Block # Identification Text
5. Street Names
6. Outlot Text
7. Section Lines
8. Plat Boundary
9. Plat Name

This information shall be supplied as an AutoCAD drawing (.dwg) on a CD or flash drive with the submittal of final mylars. The required information shall have the layer names and colors as indicated in the chart below.

<u>Description</u>	<u>Layer Name</u>	<u>Layer Color</u>	<u>Other</u>
Public Right-of-way Lines	ROW-LN	12	
Lot Lines	LOT-LN	11	
Lot # Identification Text	LOT-ID	RED	
Block # Identification Text	BLK-ID	RED	
Street Names	ROADTXT	RED	
Outlot Text	LOT-ID	RED	
Section Lines	SEC-LN	10	
Plat Boundary	PLATBOUND	GREEN	
Plat Name	PLATNAME	RED	
Private Drives	PRIVATE	210	Polyline in center Width 50.00

The information required in items 1-9 above shall be the only electronic information provided on the digital format. Failure to provide only this information will delay release of the mylars for recording.

The drawing file shall be labeled: *Plat name here*_Base Map.dwg

100% LETTER OF CREDIT FOR THE PUBLIC IMPROVEMENTS

A warranty bond in the amount of 25% of the cost of the public improvements is required to be provided to the city for a one (1) year period after city acceptance of the public improvements.

This page is for the applicant's reference, it does not need to be submitted.

Other Possible Permits That May Be Required

Depending on the scope of the project, the following additional permits may be required from the following agencies:

- A National Pollutant Discharge Elimination System Permit (NPDES) is required if you are the owner or operator for any construction activity disturbing:
 - One acre or more of soil.
 - Less than one acre of soil if that activity is part of a "larger common plan of development or sale" that is greater than one acre.
 - Less than one acre of soil, but the MPCA determines that the activity poses a risk to water resources.
- The City of Elk River's Storm Water Pollution Prevention Plan (SWPPP) is required if you are the owner or operator for any construction activity disturbing:
 - One acre or more of soil.
 - Less than one acre of soil if that activity is part of a "larger common plan of development or sale" that is greater than one acre.
 - Less than one acre of soil, but the MPCA determines that the activity poses a risk to water resources.
- Department of Natural Resources (DNR)
- Army Corps of Engineers
- Local-State-Federal application for Water/Wetland Projects Permit
 - If project impacts any wetlands
- Minnesota Department of Transportation (MnDOT)
- Work Within Right-Of-Way Permit (City and County)
- Minnesota Department of Health
- Minnesota Pollution Control Agency (MPCA)
- Sherburne County Highway Department
- Great River Energy
- Northern Natural Gas
- Other Agencies
